i COMPANY OVERVIEW

HVR Solar Private Limited is a Private Limited Company incorporated under the provisions of Companies Act, 2013 dated 24th February 2016. The company is formed to carry on business of manufacturing and trading of Solar pannels, Cells, Ancillary items for Solar Power Equipments thereof.

ii SIGNIFICANT ACCOUNTING POLICIES

A Basis of Accounting and preparation of Financial Statements.

The Financial Statements have been prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP). The Company has prepared these financial statements to comply in all the material aspects with the Accounting Standard notified under section 133 of the Companies Act, 2013, read together with paragraph 7 of the companies (Accounts) Rules 2014. The Financial Statement have been prepared on accrual and going concern basis and under the historical Cost Convention, except for Gratuity and Earned Leave Encashment which accounted for on cash basis.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in accounting policies hitherto in use. All assets and liabilities have been classified as current or non-current, wherever applicable as per the operating cycle of the company as per the guidance as set out in the schedule III to the Companies Act, 2013.

B Component Accounting

The company has adopted component accounting as required under Schedule II to the Companies Act, 2013 from April 1, 2016.

The company identifies and determines separate useful life for each major component of the fixed asset, if they have useful life that is materially different from that of the remaining asset. These components are depreciated over their useful lives, the remaining asset is depreciated over the life of the principal asset.

C USE OF ESTIMATES

The preparations of Financial statements requires management to make judgements, estimates and assumption, that affect reported amounts of assets & liabilities on the date of financial statements and the reported amounts of revenues and expenses during the reported period.

D INVENTORIES

Method of Valuation

> Raw Material	At cost or NRV whichever is less
> Finished Goods	At cost or NRV whichever is less
> Work in Progress	At cost or NRV whichever is less
> Scrap	At net realisable Value

E REVENUE RECOGNITION

(a) Revenue is recognized to the extent that it is probable that economic benefits will flow to the Company and the revenue can be reliably measured.

(b) Revenue from the sales of goods / services is recognized when the significant risk and rewards of ownership of the goods have been passed to the buyer.

(c) Interest income is recognized on a time proportion basis taking into account the amount outstanding and the applicable interest rate. Interest income is included under the head "Other income" in the statement of profit and loss.

F EXPENSES

All expenses are accounted for on accrual basis.

G Property, Plant and equipment ('PPE')

Recognition, measurement and de-recognition

PPE are stated at cost; net of tax or duty credits availed, less accumulated depreciation and impairment losses, if any. Cost includes original cost of acquisition, including incidental expenses related to such acquisition and installation.

Subsequent expenditure related to an item of PPE is added to its book value only if it increases the future benefits from the existing asset beyond its previously assessed standard of performance. All other expenses on existing PPE, including day-to-day repair and maintenance expenditure and cost of replacing parts, are charged to the statement of profit and loss for the period during which such expenses are incurred. Gains or losses arising from de-recognition of PPE are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is de-recognised.

H Depreciation on PPE

Depreciation on PPE is provided on the Straight Line method, computed on the basis of useful life prescribed in schedule II to the Companies Act, 2013 ('Schedule II'), on a pro-rata basis from the date the asset is ready to put to use.

I Contingencies

Liabilities which are material and whose future outcome can't be ascertained with reasonable certainty are treated as contingent and disclosed by way of notes to account.

J Foreign currency transactions :-

(a) Initial recognition:-

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

(b) Conversion:-

Foreign currency monetary items are reported using the closing rate. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction.

(c) Exchange differences:-

Exchange differences arising on the settlement of monetary items except fixed assets or on reporting company's monetary items at rates different from those at which they were initially recorded during the year, or reported in previous financial statements, are recognised as income or as expenses in the year in which they arise. Exchange differences relating to acquisition of imported fixed assets is adjusted in the carrying cost of the fixed assets.

K Taxes on Income

(a) Taxes on income comprises of current tax & deferred tax.

(b) Deferred Tax is recognised, subject to the consideration of prudence on timing differences being the difference between taxable income and accounting income that originate in one period and are capable, of reversal in one or more subsequent periods.

L Borrowing Costs

Borrowing costs includes interest, amortisation of ancillary costs incurred in connection with the arrangement of borrowings and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

M Cash flow

The cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

N Investments

Investments are classified as long term or current, based on management's intention at the time of purchase. Investments that are readily realisable and intended to be held for not more than a year are classified as current investments. All other investments are classified as long-term investments. Trade investments are the investments made for or to enhance the Company's business interests. Current investments are stated at lower of cost or fair value determined on an individual investment basis. Long-term investments are stated at cost and provision for diminution in their value, other than temporary, is made in the consolidated financial statements. Profit/Loss on sale of investments is computed with reference to the average cost of the investment.
