

ASHWINI CONTAINER MOVERS LIMITED

**Investor Presentation
September 2025**

SAFE HARBOUR

ASHWINI CONTAINER MOVERS LIMITED ("Company") is contemplating the potential, subject to necessary approvals, market conditions, and other considerations, of initiating an initial public offering of its equity shares ("IPO") and has submitted the Draft Red Herring Prospectus to the Emerge Platform of NSE ("NSE Emerge"). Prospective investors should be aware that investing in equity shares involves a significant level of risk. For detailed information regarding such risks, potential investors are advised to refer to the section titled "Risk Factors" in the Draft Red Herring Prospectus. It is crucial to note that certain visuals utilized in this presentation may be for illustrative purposes only, aiming to convey the broad categories that the company actively engages with.

This presentation is created by Ashwini Container Movers Limited solely for informational purposes and does not constitute an offer, recommendation, or invitation to purchase or subscribe to any securities. It shall not be considered as the basis or relied upon in connection with any contract or binding commitment whatsoever. The issuance of securities by the company will only take place through a statutory offering document containing comprehensive information about the company. This presentation is compiled by the company based on information and data deemed reliable, but the company makes no explicit or implied representation or warranty whatsoever. No reliance should be placed on the truth, accuracy, completeness, fairness, and reasonableness of the contents of this presentation. It may not encompass all relevant information, and any liability regarding the contents or omissions of this presentation is explicitly disclaimed.

Certain topics discussed in this presentation may involve statements concerning the Company's market opportunities and business prospects that are forward-looking.

These forward-looking statements are not assurances of future performance and are subject to known and unknown risks, uncertainties, and assumptions that are challenging to predict. Such risks and uncertainties include, but are not restricted to, the performance of the Indian economy and global markets, industry performance, competition, successful strategy implementation, future growth, technological changes, and other factors. The Company assumes no obligation to update any forward-looking information contained in this presentation. Any third-party forward-looking statements and projections included in this presentation are not endorsed by the Company, and the Company is not accountable for such third-party statements and projections.

KMP & MANAGEMENT ORGANIZATIONAL STRUCTURE

AMOL BHASKER DERE
CFO

NIDHI PRADEEP KINI
CS & COMPLIANCE OFFICER

FULL CONTAINER LOAD (REEFER)

Temperature-controlled transport for perishable goods.

FULL CONTAINER LOAD (DRY)

Standard transport for non-perishable goods.

LOOSE CONTAINER LOAD

Consolidated shipments for cost-effective transport.

OVER-DIMENSIONAL CARGO

Specialized transport for oversized industrial and construction equipment.

SERVICE OFFERINGS

TECHNOLOGY CAPABILITIES

CLAYSOFT - CUSTOMIZED OPERATIONAL SOFTWARE

A customized operational management system is utilized to support and streamline various business processes. This software facilitates the coordination of operational activities, enabling efficient execution from initiation to completion. Its implementation assists in maintaining structured workflows and ensuring effective process management in alignment with operational requirements.

IMPACT ON BUSINESS

Real time update on Vehicle Maintenance

Garage Inventory Management

Minimizes downtime & enhances vehicle longevity

TECHNOLOGY CAPABILITIES

ELIXIA – VEHICLE TRACKING TECHNOLOGY

A vehicle tracking system is utilized to monitor fleet movements and provide real-time location data. This system facilitates operational oversight by generating location-based insights. The implementation of tracking technology supports transparency in transportation operations and assists in maintaining service reliability.

IMPACT ON BUSINESS

Centralized Monitoring Hub

Elixia's control tower acts as the central hub, facilitating real-time monitoring of all vehicle activities.

Comprehensive Fleet Overview

It provides a complete overview of fleet status, ensuring timely identification of any issues.

Proactive Issue Management

The system ensures quick responses to potential problems by promptly addressing any detected issues.

Event Notifications

Notifications for events like overspeeding and prolonged idling are sent to enable immediate intervention.

WHAT SETS ASHWINI CONTAINER APART

① B2B FOCUS WITH CUSTOMIZATION

Provides specialized logistics solutions for bulk transport, especially in pharmaceuticals, engineering, and automotive industries, ensuring tailored services.

② SCALABLE & FLEXIBLE FLEET MODEL

A mix of owned and on-demand fleet (276 containerized trucks with 200+ on-demand drivers) allows adaptability to varying market needs.

③ COMPLIANCE & SAFETY STANDARDS

The company holds ISO 9001, 14001, 45001 certifications, GDP compliance for pharmaceuticals, CTPAT US compliance, and FSSAI approval, ensuring high safety and regulatory adherence.

INDIAN LOGISTIC MARKET

MARKET OVERVIEW

- Expected to grow from USD 24,275.8 million in 2023 to USD 62,021.2 million by 2032 at a CAGR of 12.44%.
- Growth driven by infrastructure improvements, technological integration and service quality enhancements.

MARKET DRIVER

Government reforms like GST have cut cargo clearance times by 30%, while Sagarmala and Bharatmala improve port and road connectivity.

E-commerce growth has driven a 50% increase in logistics demand, boosting last-mile delivery and warehousing.

70% of logistics operations use AI, IoT, and blockchain for better tracking and efficiency.

Investments in freight corridors, road networks and cold chain logistics enhance supply chain efficiency.

JNPT – POWERING CARGO EXCELLENCE

JNPT – India's Leading Container Port

JNPA (Jawaharlal Nehru Port Trust) handles ~50% of India's containerized cargo across major ports.

Global Ranking

JNPT is ranked 26th among the top 100 container ports worldwide, connected to over 200 global ports

Ashwini Container Movers Ltd. Contribution

Handled 6.63 Million Tonnes of cargo at JNPT during FY24-25.

FY25 Throughput (Apr 2025 – Aug 2025)

33.15 Lakh TEUs and 41.27 Million Metric Tonnes (MMT) of total cargo handled by JNPT.

Record Monthly Performance – Aug 2025

695,968 TEUs and 8.56 MMT of cargo handled – JNPT's highest-ever monthly throughput.

Strategic Importance of JNPT

Serves as a key logistics hub in India with advanced infrastructure and global connectivity.

GOVERNMENT INITIATIVES FOR THE LOGISTICS SECTOR

①

SAGARMALA & BHARATMALA PROJECTS:

Enhancing port and road connectivity for improved freight movement.

②

MULTI-MODAL LOGISTICS PARKS:

35 STRATEGIC SITES developed with ₹50,000 crore investment to reduce freight costs and congestion.

③

PARIVAHAN PORTAL & E-WAY BILL:

Digitized logistics processes, improving vehicle movement and reducing delays.

④

PM GATISHAKTI:

AIMING FOR INTEGRATED INFRASTRUCTURE PLAnning with ₹7.5 lakh crore capital expenditure in 2022-23.

⑤

NATIONAL LOGISTICS POLICY (NLP):

Targeting cost reduction, seamless movement, and competitiveness of MSMEs.

⑥

TRADE FACILITATION INITIATIVES:

STrengthening port connectivity, approving 107 projects for better EXIM logistics.

⑦

LOGISTICS DATA BANK APP:

Enhancing cargo tracking, transparency, and cost efficiency in supply chains.

COMPETITIVE STRENGTH

ROBUST NETWORK

WITH A STRONG presence at JNPT and Hazira Ports, the company offers specialised, port-focused container logistics solutions designed for speed, efficiency, and reliability. Its strategic location near JNPT, one of India's busiest container ports, enables seamless cargo handling, optimized turnaround times, and consistent service delivery, reinforcing its position as a critical link in the supply chain.

LATEST TECHNOLOGY

EQUIPPING company's fleet with advanced GPS, theft control, and fuel protection technology to enhance efficiency, safety and service quality.

KNOWLEDGE & EXPERIENCE OF PROMOTERS

LEVERAGING 24+ years of combined industry expertise from promoters to drive growth, expand services and strengthen market presence.

STRONG RELATIONSHIP WITH CUSTOMERS

BUILDING long-term customer relationships through high-quality service, ensuring retention, consistent demand and business growth.

ONGOING TRAINING FOR DRIVERS

REGULAR training for drivers enhances efficiency, ensures high performance standards and improves overall service quality.

BUSINESS STRATEGY

OPERATIONAL EFFICIENCY

Enhancing operational efficiency by integrating fleet for greater flexibility, scalability and responsiveness to market demands.

TECHNOLOGICAL INTEGRATION

Integrating advanced tracking and real-time monitoring to enhance transparency, streamline operations and improve service efficiency.

EXPANSION OF MARKET PRESENCE

Expanding market presence by entering new regions and strengthening fleet capacity to enhance service reach and drive growth.

GOING PUBLIC

OBJECT OF THE ISSUE

- Repayment and/or pre-payment, in full or part, of certain borrowings
- Funding capital expenditure requirement
- General Corporate Purposes.

ADVANTAGES OF ADDING NEW FLEET

- Increased fleet capacity to meet rising demand.
- Expansion into new regions across India.
- Improved service reliability and reduced delays.
- Enhanced ability to handle higher freight volumes.
- Lower dependency on third-party transport, reducing costs.
